To whom it may concern,

I see signs advertising "Privacy and Peace" in our Keswick neighborhood, but it is far from it.

Every cul-de-sac is getting more trashy basketball hoops.  
Screaming children playing at all hours of the day and night, and adults who don't care when you talk to them.

This is not a peaceful or private neighborhood.  
My grandfather did not survive the Holocaust, so I can live in a neighborhood where goyim run around, devaluing my property with ugly basketball hoops and preventing me from living in peace and quiet.

I go for walks, and there are trash cans that haven't been emptied in weeks.  
What do we pay you fees for?  
So you can take the money and do nothing?

Take action to address the unsightly basketball hoops and trash bins.  
If you refer me to your attorney, I will contact the Beth Israel Synagogue and escalate your hostile response.

You'd better clean up your act and do something, or else this neighborhood will be featured on the evening news.
